Re: BLOWOUT AT 7-34-107-10 W6, RAINBOW LAKE

I wish to take this opportunity to thank you on behalf of Canterra Energy Ltd., for all your efforts in bringing the subject well under control on December 14, 1985.

Everyone here is talking very highly about the work that you and your crew performed during the five days it took to cap the well. Your regard for the safety of your men and everyone working at the lease was well appreciated.

I also want to pass on a copy of a letter I received from Ken Fitzgerald, Vice President, Western Canada Production, expressing his appreciation for your accomplishment.

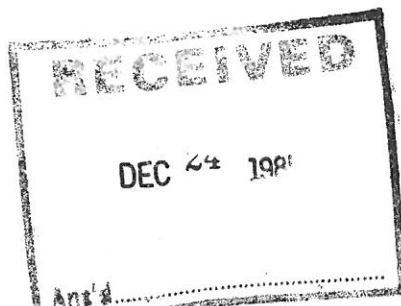

Best regards Mike, and a very Merry Christmas to you.

Very truly yours,
